

Loudon County Building/Zoning Inspector

Nature of Work

This is very responsible work involving the enforcement of the Loudon County Zoning Resolution, the adopted building codes, and other regulatory laws and codes. Responsibilities include conducting comprehensive inspections of residential, commercial, and industrial construction compliance with regulatory building, plumbing, mechanical, accessibility codes, and zoning resolutions. This position enforces all applicable laws and regulations regarding erosion and sedimentation control. This position requires the ability to inspect building sites, dealing with diverse terrain, weather conditions, and public relations. The Building and Zoning Inspector is under the general supervision of the Building Commissioner. Loudon County offers competitive pay and benefits. Feel free to contact me if you have any questions.
